From My Heart to Yours

God has created everyone of us to live by faith. And as a consequence, every child of God is wired to perform and live by faith. Now what that means is that if God created you to live by faith—that means no matter how good you get at becoming a Christian...no matter how much you've got your stuff together for real...if you don't keep your faith moving you will not be able to please God. Because the Bible declares in the Book of Hebrews 11:6 that "without faith it is impossible to please God." God is pleased when we walk in faith with Him---when we believe enough to follow where He guides just because we know **Who** He is.

On Sunday I will be preaching on the topic "*When God says Move*". Read the story of Abraham.

God Bless You,

Pastor Greene
