**"FROM MY HEART TO YOURS"** by Pastor Sandra Greene

If I were to ask you how you are to love your neighbor, probably all of us could give the right answer: "you are to love your neighbor as you love yourself." Great, but what does it mean?

Let's keep it simple. Loving your neighbor means that you do for him whatever you would do for yourself.

- When you have a need, you attempt to meet it.
- When you have a hurt, you attempt to heal it.
- When you have a responsibility, you attempt to fulfill it.
- When you have a prayer request, you pray for it!

We don't have to be taught how to love ourselves. It comes naturally. We are experts at it. The trick is to keep self-love from becoming selfishness. We need to be constantly reminded that as we love ourselves, so we are to love others.

Are you loving others like you love yourself?

I pray that this week's inspiration message gives you food for thought to the question "how do we love our neighbor?" Let me hear your thoughts.

Pastor Sandy
